

School of Engineering • Department of Materials Science and Engineering
2006 Nanomaterials Science and Engineering (NMSE)
Undergraduate Summer Internship Application
Program Dates: June 12-August 17, 2006

Last Name:		First Name:		Middle Initial:
Date of Birth:		2006-2007 School Year: <input type="checkbox"/> Soph <input type="checkbox"/> Jr <input type="checkbox"/> Sr		GPA/Class Rank:
Social Security Number:	School:		Major(s):	
Current Address:			Minor(s)	
City, State, Zip:		Phone:	Best Time to Contact:	
Permanent Address:			Email:	
City, State, Zip:		Phone:	Best Time to Contact:	

To complete the application, please send the following items:

Transcript:

Attach or forward a copy of your transcript from your school. An Unofficial copy is acceptable.

Academic Reference: Have a professional reference fill out the Recommendation Form Reference Name, Address, and Phone:

Statement of Intentions: Attach a 1-2 Page statement that describes:

- Your previous research experience
- Why you believe you'd be a successful participant
- Relevant honors and awards you have received
- Other experience that reflects your potential

Agreement:

I understand that Undergraduate Summer Internship participants are required to work full time during the period of June 6 - August 12 and may not hold outside jobs or enroll in classes that interfere with normal working hours. I understand that this is not a residential program, and I am responsible for my own accommodations. If I am accepted into the program, I agree to complete a summary of my research activities conducted over the summer and agree to submit this summary upon completion of the program.

Signature: _____ Date: _____

Return completed applications by March 31, 2006 deadline to: Department of Materials Science and Engineering, Attn: Prof. Lisa Klein-CHE NMSE Internship, 607 Taylor Road, Piscataway, NJ 08854-8065
